PREMIERE ASSIGNMENT #1

Goals

You need to think of a career that uses Communications Technology - something may be of interest to you in pursuing. Examples include animation, directing, designer, video game programmer, interface developer, web designer, etc.

Your task is to use Premiere to **create a video slideshow** that showcases information about that career.

Specifically, your video should outline:

- What that career does (their responsibilities or tasks)
- What schooling you need to enter that career field (university, college, work experience)
- What some Canadian examples of that schooling are (can you go to Algonquin College for it? Queen's? VFS?)
- Where you could get a job in that field. What companies or studios hold that position.

Technical skills your video should demonstrate
- Images and text to relay information (video is allowed as well)
- Transitions
- Keyframe animation
- Music
- Effects – colour correction or

Save the file to your **P:\Premiere** folder for your working file Premiere file as *yourname_career.prel*

Export your video as an AVI or MOV and submit the video to the Google Classroom assignment post as *yourname_career.avi/mov*

DUE DATE: WEDNESDAY, March 1ST, 2017

Evaluation

Overall Expectation and Criteria	Below Level 1 Insufficient	Level 1 Below the Standard	Level 2 Approaching the Standard	Level 3 Achieving the Standard	Level 4 Insightful, Thorough, Efficient
